

THE INOVUS SOLAR APPROACH

Our patented design results in superior aesthetics, cost savings, and reliability

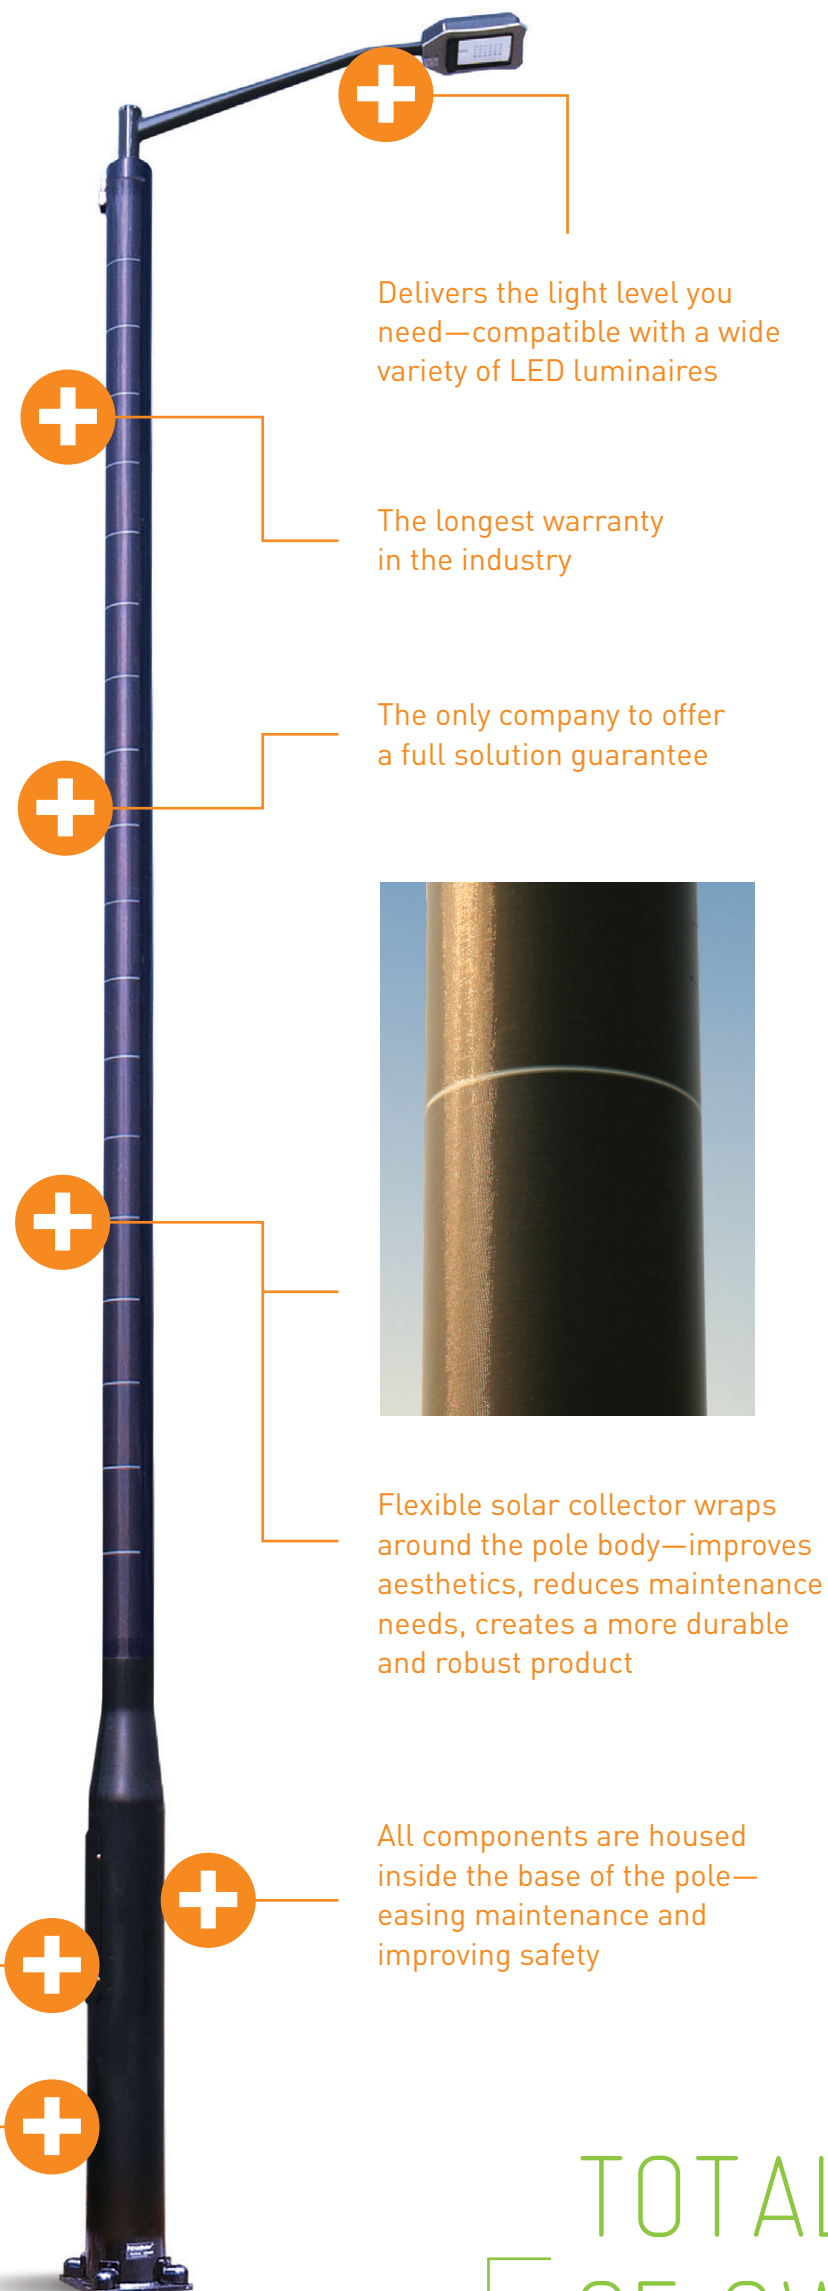

CITIES
EDUCATION
MILITARY
RETAIL and more

Go Off-Grid—eliminate infrastructure and energy costs

Go On-Grid—achieve Net-Zero energy consumption

inovussolar.com

15 YEAR

period between planned maintenance*

ZERO

out energy bills

50%

reduction in maintenance costs over traditional lighting solutions

560

kilowatt hours of electricity savings from each pole annually

17,000

pounds of carbon dioxide emissions prevented over each pole's life

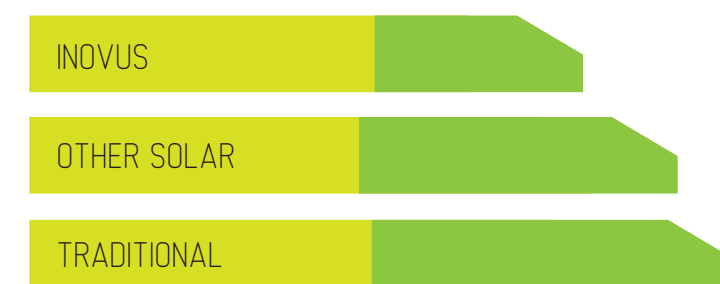

*depending on model and application

In 14.5 seconds
the sun provides
as much energy to
Earth as humanity
uses in a day

Discover lighting from a fresh perspective, where less really is more. Less maintenance, operating cost, and environmental impact. More functionality and inspired design. Inovus is a technology company passionate about innovation and unconventional in their business approach. We are forward-thinking and uncompromising when it comes to quality and service. We are Light | Years Ahead.
