

## ELLIS INTERIORS AND DECOR

*Multi-purpose pieces chosen to function w/in multi-use spaces with a green & sustainable orientation*

*All in the Details*

### **Kitchen/Dining**

*Plynil Area Rugs* have been used throughout the house. Plynil, by Chilewich is an easy to clean vinyl textile product suitable for commercial or residential interiors. Sophisticated in style, these rugs have a long life cycle and a remarkable range of applications. You will find the Ellis' have table mats as well - perfect for indoor or outdoor dining.

*Wayne Martin, Inc.*

*Caeserstone Countertops*: This quartz surface is as strong as granite, not limited in color and guaranteed for a lifetime. Caeserstone has a commitment to environment and a strong eco-heritage.

*Meile Appliances*: Energy efficient as well as space saving ability. Meile has a philosophy of responsibility to its customers, society and the environment for subsequent generations to come.

*Schmidt's Home Appliance*

*Custom Bocci Chandelier*: Bocci lighting is contemporary in its design and manufacturing. Using cutting edge electrical components, Bocci creates practical yet striking lighting of the highest quality.

*Bocci, Vancouver BC*

*Team 7 Girado Dining Table*: Team 7 is the market leader in green non toxic solid wood since 1980. This oval table in natural walnut has a 40" extension made of high gloss white tempered safety glass that is housed within the table itself. This unique extension mechanism makes it easily opened or folded away. No storage needed.

*Ralph Hays Contemporary Designs*

*Stua Globus Chairs*: This company's mission is to improve the habitat in which we live by refining designs and using recyclable components as well as environmentally manufacturing processes. Sleek, stackable and simply sophisticated.

*Design Within Reach*

### **Living Space**

*Tapestry*: This art piece is a hand woven silk blend. The silk was intended to give the tapestry the illusion that the circles are floating.

*Cecil Ross Coffee Table*: This coffee table is from a Myrtle tree found in Western Oregon This wood exhibits a very unique grain pattern with unusual colors. The finish is only natural oils and waxes. "The sourcing of wood is especially dear to my heart, using sustainable harvested lumber wherever possible. Each piece will inevitably have some history to its beginning. And bring 'a sense of place' to the piece."

*The designer, Cecil Ross*

*Cecil Ross*

"The wings" sculpture in the powder room is sculpted from a salvaged northwest maple burl.

*Barbara Barry Caned settee & slipper chairs* from the McGuire collection of woven, peeled and exotic woods. This furniture offers a pleasing composition of line and form.

The upholstery fabric was chosen from a sustainable design collection utilizing 75% recycled bamboo content

*Casella Floor Lamp*: in a unique blend of metals.

*The artist, Jon Norman*

*Mallot Drum*: This light weight, 100% copper drum is the perfect multi-use accent piece, by the metal artist, Robert Kuo

*Stephen E Earls Showroom*

### **Outdoor Living**

Thomas Pheasant outdoor collection. Comfortable and versatile, this McGuire furniture collection delivers strength of line and timelessness. It is light-weight and extremely durable with an ease of maintenance. The cushions were chosen out of an environmental plus fabric collection.

*Stephen E. Earls Showroom*

Small accent table-unique metal and wood design. Crafted by welder son Charles Ellis

## Man Cave/Media Room

Dileto sofa-Both innovative and sleek in design. This smaller footprint sofa converts from a seating position to a TV watching position into a sleeper sofa with a simple pull. Ease and efficiency were key elements for furnishing this media room.

*Ralph Hays Contemporary design*

Gullasa Custom Coffee table: The main objective for this piece was functionality and convenience of purpose. Built on casters, this coffee table can easily be rolled into its designated storage area underneath the TV when the sofa is converting into the TV or Pull out position.

*Tramel-Gagne Showroom*

Herman Miller Aero Chair - providing correct ergonomic working posture-handsome in design.

*In Forme*

Vitra Work Table-Versatility is key. When utilized as a desk this accent table allows you to work in posture perfect form from the sofa.

*In Forme*

## Master Suite

This custom runner is one of two pieces cut from the original. This rug was hand woven in Turkey using recycled hemp. Old hemp grain bags were taken apart and the hemp was utilized to weave the foundation of this area rug. The darkest color is natural colored goat hair.

*Driscoll Robbins Fine Carpets*

Counter weight shelf: This is a custom piece comprised of reclaimed fir, MDF with rusted steel accents. The fir planks, which originated from Portland's defunct Rajneesh Hotel was stripped of its layers of paint and refinished. The wood was removed from the former hotel in 2009. Now used by this artist for various residential projects. Donny Faris w/Radius Furniture -Ralph Hays Contemporary Design

Hans J. Wegner Shell Chair - This is a 1963 classic design-still in style today.

*In Forme*

Master Bed: This Teak bed is contemporary in design with a unique dual purpose. Both the bed frame & headboard offer convenient tucked away storage.

*Scan Design*

## Master Bath

Oceanside recycled mosaic field glass tiles. This glass tile is functional art for architecture and interior design. The watery translucence adds depth and elemental richness to Master Shower. Countertop in calserstone. Alabaster accents.

*ecohaus*

Pencil rug: This custom runner boasts extraordinary comfort & durability. It is machine washable and perfect for any wet space.

*Dreamweavers Carpets*

Mid-Century Corona Lighting: Rejuvenation specializes in greening their supply and architectural salvage. Valuing the past while designing something for the future.

*Rejuvenation*

ASKO Washer/Dryer Combo: Low water volume efficiency and energy star rated – This unit is very quiet, allowing it to be conveniently housed in master area.

*Schmidt's Home Appliance*

## Joanne's Loft/Study Area

Thos. Moser Chaise: Sleek and refined in appearance & streamlined minimalism in function. This chaise is designed with comfort in mind. Thos Moser builds furniture to last several lifetimes – a piece should provide service for at least as long as it took to grow the tree.

*Thos. Moser Furniture*

Alto Credenza by Horm: This unit offers adjustable space for high-tech equipment – providing clean, crisp appearance – glass doors for revealed storage and frosted to conceal items.

*Design Within Reach*

Joanne's Desk: The perfect desk and work space for the room with the view. Port Madison Home

Setu chair: This chair is created for how we work and live today, with its design versatility and refined appearance. Designed in partnership with Herman Miller – Setu sets new standards of simplicity, adaptability, comfort and dematerialization for multi-purpose seating. Setu's new Lyris™ elastomer seat suspension allows the spine to bend and flex as the seat stretches in all directions to distribute weight evenly.

*Design Within Reach*

## Guest Area

Cork Flooring: A renewable resource, cork is warm, cushy, and quiet under foot.

*ecohaus*

This guest room is furnished with found and kept family pieces. Also, re-used cane and spindle chairs as well as a library table recycled four generations in the Ellis family.

Pisolo Bed Linens: Italian 50-year washed vintage linens tinted in only the finest OEKO-tex certified dyes – making it gentle on your skin & the environment.

*Restoration Hardware*

## Guest Bath

Fuez countertop – has the look that is both modern and classic. Fuez is a product similar to granite or marble – locally made in Portland of predominantly recycled content. This is stain resistant and heat resistant. The shower tiles are Villeroy and Boch with Oceanside recycled glass ties in the Geologie collection.
